THIRTY INJURED.

The Santa Fe Vestibule Train Wrecked

SOUTH OF TOPEKA, KANSAS.

None of the Passengers Killed, but a Number Seriously Injured and May Die—A List of the Injured.

TOPEKA, Kan., Oct. 25.—Thirty people were seriously injured by the wrecking of train No. 5, the through Santa Fe vestibule Denver express at Wakarusa, thirteen miles south of this city yesterday afternoon. The train was running at a high rate of speed and left the track at a curve this side of the east end of the yards. The tender, express, mail and baggage cars, and three Pullman vestibule cars, all left the track. The mail car, sleeper and tourist cars were thrown on their sides. The track was torn up for about 400 feet. A relief train from this city arrived at 5:15 bringing with it the injured who were cared for at the National hotel.

The following persons were injured, many of them seriously:
W. F. Jones, mail agent, of Kansas City, pinned between cars and injured internally.

J. W. Fadely, mail agent, of Kansas City, internal injuries.

Harry Stone, mail agent, of Kansas City, head bruised.

Mrs. Ella Steele, of New York city hurt in the head.

E. L. Terry, express messenger, Kansas City, badly injured in spine.

L. J. Johnson, of Kansas City baggage agent, leg hurt.

Henry Lindsey, of Topeka, bruised in side, jaw hurt.

Mattie O'Connell, of Chicago, head and back injured.

Mrs. Dr. Beaslee, of Telluride, Col., bruised, teeth knocked out.

E. M. Beaslee, of Telluride, Col., concussion.

Mrs. George Turley, of Fresno, Cal., back cut.

Mrs. J. McFarland, of Terrill Hill, O., head cut.

B. Sylvester, of Milton, Cal., knee injured.

C. E. Farrington, of Lisbon, Ill., collar bone dislocated.

J. J. Buckley, brakeman, back hurt.

Elizabeth Babbitt, of Oakland, Cal., arm injured.

Mrs. W. J. McClure, of Kansas City, arm dislocated.

Mrs. L. E. White, of Oakland, Cal.

F. A. Fair, of Albuquerque, N. M.

George F. Reppy, of Denver.

Solon E. Rose, of Albuquerque, N. M.

S. B. Hankins, of Aspen, Col.

W. F. Jones, of Kansas City.

J. A. Coulter, of Colorado Springs.

EX-CONSUL BEAUCHAMP.

Resident of Terre Haute held at Syracuse, N. Y., as a Supposed Lunatic.

TERRE HAUTE, Ind., Oct. 25.—Word has been received here that Emory P. Beauchamp, of this city, who has served as United States consul at Aix-la-Chapelle, Cologne, and St. Gall, was held at Syracuse, N. Y., to await an investigation as to his sanity. While in Europe Beauchamp married a wealthy young lady of Cologne, and brought her to Terre Haute.

About a year ago, on the death of her father, they left for Europe to secure her part of the estate. The message from Syracuse is the first heard of them since they departed. Beauchamp was apparently sound mentally when he left. At one time he occupied a prominent place in Republican politics in this state, and was a warm personal friend of President Grant and is a personal friend of Senator Voorhees.

A dispatch from Syracuse says: "The conductor of one of the New York Central palace cars reaching here Sunday morning had as a passenger ex-Consul Emory Purden Beauchamp, who would neither sleep himself nor let any one else sleep. On the train with the ex-consul were his wife and her maid. The conductor had to put him off at Clyde, and Mr. Beauchamp took a train back to this city, where the police found it necessary to take him into custody."

"In his satchel were a can of boned chicken, six bars of soap, two hair switches, a jumping-jack, a bottle of brandy, a palace car sleeper towel and a lot of legal papers. As the man had done nothing for which he could legally be held, he was released, and took the train for Utica, where he was arrested again, Monday night, for his queer actions, and in order that he may not harm himself or others he has been returned to this city and put in custody, charged with stealing a sleeping-car towel."

Bodies Stolen and Replaced.

KANSAS CITY, Oct. 25.—The police yesterday were notified that two graves at Union cemetery had been robbed. Detectives were put upon the case, and last night the bodies were reintroduced. How they were taken and how replaced is a mystery. The graves robbed were those of Robert Taylor and a man named Brown, both recently buried. Holes had been dug near the headstone of each grave, down to the coffin, and the bodies had been pulled out by fastening a rope round the necks.

Alleged Crooked Land Transactions.

KOKOMO, Ind., Oct. 25.—A. N. Grant, a prominent attorney of this place, has been placed under bond of \$1,000 on complaint of Alvin Martin. Grant sold Martin certain land in Carroll county, and it was recently discovered that there was an incumbency of \$1,000 upon it. Kokomo people are not in the least inclined to believe that Grant was guilty of any wrong in the transaction. He is one of Kokomo's foremost men, well-to-do, and universally respected.

LANCASTER, Oct. 25.—John L. Tysdale, the farmer who shot his neighbor, has been indicted for murder in the first degree.

STORMS IN THE EAST.

Great Damage Done to Shipping and Land.

ASBURY PARK, Oct. 25.—The New Jersey sea coast towns received their full share of the severe northeasterly storm that set in Thursday. All day yesterday it stormed, with no abatement. The damage sustained to the shore towns from Sandy Hook to Barnegate inlet by the severe storm and heavy tides will foot up to thousands of dollars.

The most severe damage was sustained at Monmouth Beach, the sea cut a big gap into the bluff and made a clean sweep across the driveway about thirty feet wide. The Galilee fisheries, just south of Seabright, were in a terrible state, the sea had washed and made a clean sweep among the fishing houses, carrying destruction with it. In front of the big Octagon house at Seabright the heavy sea dashed up over the breakwater and into the basement of the hotel. The bulkheads at this place were badly damaged.

All along the Shrewsbury river on the other side of the driveway the high tide had wrought sad havoc. Everything that was within reach of the tide was swept away, boat houses, summer houses, stables, could all be seen adrift or standing in from eight to ten feet of water.

At Normandie—by the sea, the ocean swept over the tracks of the New Jersey Southern railway and made such bad breaks that at 9 o'clock yesterday morning railroad traffic had to be suspended. Much of the bluff at Asbury Park was washed away and at Ocean Park the boat houses of Mr. Scofield were carried away.

Along the Hudson River.

NEWBURGH, N. Y., Oct. 25.—The storm that raged during Thursday night was a severe one along the Hudson river. The wind blew from the northeast, causing an unusual high tide. Yesterday morning the water was even with the top of Long dock, the foot of all the streets leading to the river were overflowed and cellars were flooded—in some cases four feet of water preventing entrance thereto.

At Weston's stables, men waded about in water up to their knees. Cameron's lumber yard was practically flooded, and at the south end of the city it was difficult to tell where the river front commenced. Old river men say the tide during the night and early in the morning was the highest it has been in years.

Damage from High Tide.

BOSTON, Oct. 25.—The high tide yesterday morning, due to the heavy easterly gale which has prevailed, did more damage all along Revere Beach than was done by the storm early in the week. The Woburn house at Crescent Beach has been lifted from its foundations and has settled down in the sand. A photograph building nearby has been wrecked, and the lattice work of the substantially built Palace bathing establishment has been torn away. The Cafe and the Waverly house at Oak Island have suffered to some extent.

At Fire Island.

FIRE ISLAND, N. Y., Oct. 25.—A northeaster storm of great severity prevails here, doing much damage to the board walk and the beach. At Oak Island the sea has cut the embankment away from around the Oak Island station. At Short Beach station a number of telephone poles have been carried away and washouts made in several places.

A High River.

POUGHKEEPSIE, N. Y., Oct. 25.—The water in the river is higher than it has been for years. The dock at the foot of Main street is covered to the depth of two feet with water, and the passengers and freight from the boats arriving this morning were taken ashore by wagons.

Secretary Blaine Sued.

CANTON, O., Oct. 25.—Sheriff Kridir yesterday afternoon received a summons to serve on Secretary of State Blaine. The plaintiff in the case is Thomas G. Vaughton, one of the stockholders of the Ohio and Northwestern railway company. The hearing will be held in the Hamilton county common pleas court on Nov. 22. The suit is brought to enforce to statutory liability of stockholders, which is unpaid.

Resorts to Law to Get Justice.

GLOUCESTER, Mass., Oct. 25.—Solomon T. Trumbull, of West Gloucester, has sued Isaac J. Proctor for \$50,000 damages. It is alleged that Mr. Proctor has written defamatory letters to E. C. Hawks, of Buffalo, while Trumbull was building several stone cottages for him at Coffin's Beach, and that on account of these letters the job was taken away from him, whereby he suffered great loss.

Conflict with Indians.

SILVER CITY, N. M., Oct. 25.—The troops who were called out to pursue the band of Apaches who murdered two sheep herders about twenty miles from here recently, met the band in an unfrequented spot near the scene of the murder early yesterday morning. A conflict ensued, but the Indians beat off their pursuers after two of them had been killed.

Horribly Burned.

PIQUA, O., Oct. 25.—John McMacken was horribly burned while his clerk was handling Japan varnish. McMacken struck a match, causing an explosion. His brother, Frank McMacken, rolled the burning man in the muddy street, thereby extinguishing the flames.

LONDON, Oct. 25.—The body of a murdered woman was found at South Hampstead to-day, with the head almost severed and otherwise mutilated. The woman is supposed to have been of abandoned character. The finding of the body has revived the Jack the Ripper scare. No arrests have been made, though the police are searching for the murderer.

SUGAR REFINERY SHUTS DOWN.

To Resume Next Spring When Raw Sugar is Admitted Free.

NEW YORK, Oct. 25.—The Brooklyn sugar refinery has closed down and 450 men are thrown out of employment. It is rumored that with the single exception of Havemeyer's refinery, all the Brooklyn refineries will be closed down. About 2,000 men will be affected.

A director of the Brooklyn Sugar Refining company says his works will remain closed until April 1, when raw sugar will be admitted free. A mass meeting of the workmen is to be held, at which the men are expected to pledge themselves to work against the Republican administration which endorsed the tariff bill, which is the direct cause of the shut-down.

AN ELEVATED ROAD.

Chicago's Council at Last Passes an Ordinance to Have One.

CHICAGO, Oct. 25.—At a special meeting of the city council Thursday night the Lake street elevated ordinance was finally adopted. The ordinance, as passed, gives the company the right to construct a double track from Fifth avenue to the city limits.

It also provides for a grade scale of payments to the city for the franchise at \$1,000 per mile for the first five years, \$1,500 for the second five years, \$2,000 for the following ten years and \$2,500 per mile during the existence of the ordinance.

EARTHQUAKE SHOCKS.

Felt Distinctly at Cape Girardeau, Mo., and Anna, Ill.

CAPE GIRARDEAU, Mo., Oct. 25.—Two shocks of earthquake, which came from the southwest, occurred here at 6:10 o'clock Thursday morning. One of the shocks lasted about one minute, and the other twenty-five seconds. Buildings, furniture, crockery, etc., were visibly affected by the movement of the earth.

At Anna, Ill.

ANNA, Ill., Oct. 25.—A distinct shock of earthquake, lasting perhaps fifteen seconds, was felt Thursday morning at about 5:30 o'clock. Furniture shook and windows rattled all over town.

MINING MACHINERY.

Its Introduction Greatly Disturbing the Pennsylvania Miners.

PITTSBURGH, Oct. 25.—The introduction of mining machines in the mines of this district is giving miners considerable concern. They find that where 20,000 or 30,000 miners are in demand to produce the coal required by the operators that this number may be reduced to 10,000 if machines are generally put into operation. As a result the miners contemplate a crusade against the machine.

A Railroad for Sale.

SAN FRANCISCO, Oct. 25.—In railroad circles considerable quiet talk is being indulged in, and the talkers claim to know that an appraisal is to be made at an early date of the Southern Pacific company property at the instance of Messrs. Stillman and Hubbard, of New York, representing Mrs. Hopkins-Searles. This extremely wealthy lady wants to sell out, say railroad men here, and put her money in securities with coupons attached to them. Senator Stanford's most intimate friends are after him to dispose of his interest in the railroad company, and put his cash into some business where there will be little or no worry to the old gentleman.

White Caps Destroy a Saloon.

FREEMAN, Mo., Oct. 25.—This town is in a furor of excitement over the action of the White Caps who destroyed all the property of a "ginger ale" club, mostly straight liquor, here last night. There were about seventy-five or one hundred masked men in the party. The druggist of the town has been notified to stop selling liquor. During the excitement attending the breaking up of the club room property, several masks were torn from the faces of the White Caps and the wearers were recognized as well known citizens and several arrests are expected to follow.

Poisoned Pudding.

ONEIDA, N. Y., Oct. 25.—The entire family of Joseph Crumb, of North Brookfield, has been poisoned by eating of a pudding made from meal with which rat poison had become mixed in some mysterious way. The family consists of Mr. and Mrs. Crumb, a hired man, two daughters and one son. The physicians were summoned and have done all in their power to relieve the sufferings of the afflicted family. Hopes are entertained this morning that all will recover, unless it be the daughters, who are both in a critical condition.

Failed to Affiliate.

PITTSBURGH, Oct. 25.—The Brotherhood of Locomotive Engineers in secret session here, by a vote of 270 to 168, defeated the majority report of the committee appointed to devise a plan of co-operation which was in favor of a scheme to affiliate with the firemen, conductors and brakemen. The vote lacked a two-thirds vote by 22. The report was sent back to the committee and the matter is still a subject of consideration. No vote has been taken on the minority report.

Loss of a Locomotive.

OKLAHOMA CITY, I. T., Oct. 25.—Clarkson, who was shot five miles west of here last Wednesday, is dying. His assailant has been arrested and is in jail. There is great excitement, and grave fears are entertained that he will be lynched. The guard around the jail has been doubled.

Both Eyes Shot Out.

DANA, Ind., Oct. 25.—While Joel Hollingsworth and Charles Rice were hunting near here, yesterday, Rice accidentally shot Hollingsworth in the face, destroying both eyes, and otherwise seriously injuring him.

THE HENNESSY MURDER.

Committee of Safety Taking a Leading Part in the Investigation.

NEW ORLEANS, Oct. 25.—The committee of safety is taking the leading part in the Hennessy murder investigation. It publishes an address to the Italian population of New Orleans, in which it announces the intention of crushing out the Mafia, peaceably and lawfully if it can, violently and summarily if it must. It hopes this appeal will be met by them in the same spirit in which it issues it, and that the community will not be driven to harsh and stringent methods outside of the law, which may involve the innocent and guilty alike.

While hanging in Driftwood yesterday morning at Kennerly, fourteen miles above New Orleans, some men drew in a sack containing the body of an Italian. There are marks of strangulation around the neck. It was evidently a murder, and is supposed to have been by the order of the Mafia to keep an important witness from testifying in the Hennessy assassination case or by the vendetta.

The delayed steamship Elysian, having on board 700 Italian immigrants, is on her way up the river. Government inspectors have gone to meet the vessel and all the passengers that come under the national prohibitory labor law will be returned.

DUEL WITH CROWBARS.

A Fierce Battle That Ends in Two Fractured Skulls.

NEW YORK, Oct. 25.—Iron crowbars were the weapons used in a duel fought yesterday between Joseph Wood, 35 years old, of 335 East One Hundred and Twenty-fifth street, and Carl Burg, 46 years old, of 125 Third street and Second avenue. The battle was fierce and lasted some ten minutes. It was ended only when both men sank to the ground each with a fractured skull.

Then the bystanders, who, during the fight, had been compelled to keep aloof from the fighters by the promiscuous swinging of the crowbars, rushed to assist the fallen duelists. Ambulances were summoned and the two senseless men were taken to the Harlem hospital. The fight took place in a blacksmith shop at 1896 Park avenue. The cause of the duel is unknown.

A Big Incorporation Fee.

COLUMBUS, O., Oct. 25.—Another large incorporation fee was paid into the state treasury yesterday by a railroad company. The Pittsburg, Shenando and Lake Erie Railroad company was incorporated with a capital stock of \$3,000,000, for which a fee of \$3,000 was paid, with the usual protest. The new company is a consolidation of the Pittsburg, Shenando and Lake Erie Railroad company and the Pittsburg, Butler and Shenando Railroad company. Of the entire lines of the company only about three miles are in Ohio, but in order to do business it is necessary to be incorporated under the laws of this state.

Fire in East Pepperell.

BOSTON, Oct. 25.—A bulletin just received from East Pepperell, Mass., says that the entire business portion of the town has been burned and that the loss will reach \$500,000. East Pepperell is a manufacturing village of about 3,000 inhabitants in Middlesex county, near the New Hampshire line. It is on the line of the Worcester, Nashua and Portland division of the Boston and Maine railway. Its chief industry is paper making.

A Youthful Murderer Lunched.

AUGUSTA, Ga., Oct. 25.—Monday General Williams, a negro boy 17 years old, shot and killed the 5-year-old son of J. R. Robertson, while five miles from Miller. Last night a sheriff's deputy started with Williams for Waynesboro, but was met by an armed mob who took the prisoner away, and tying him to a tree, riddled him with bullets. The coroner's verdict was death by parties unknown.

Capital Will Be Changed.

GUTHRIE, O. T., Oct. 25.—The council has passed the house bill changing the location of the territorial capital from Guthrie to King Fisher. It was slightly amended, but not materially changed. It goes back to the house now and a special session is called to consider the same. Should it pass the governor will again be called on to sign or veto a "capital bill."

Natural Gas Shut Off.

PITTSBURGH, Oct. 25.—The Philadelphia Natural Gas company has decided to shut off the supply of natural gas from all the Pittsburgh pudding furnaces which it has hitherto supplied. The chief reason for the move, as given by the officers of the company, is that they can make more money by supplying the gas to domestic consumers.

Glass Factory Burned.

FINDLAY, O., Oct. 25.—The United Glass company's glass factory was burned to the ground yesterday afternoon. Loss \$20,000; insured for \$18,000. One hundred men were thrown out of employment. This is the second time the factory has burned within a year. The building will be immediately rebuilt.

World Record Again Broken.

INDEPENDENCE, IOWA, Oct. 25.—Belle Hamlin and Justina, the double trotting team, were sent yesterday to beat 2:15, the world's record, held by them, and made it in 2:13 1/4. The day was cold and rainy. Had the weather been favorable 2:12 would have been an easy mark. The two start again on Monday.

Collision at a Crossing.

WARSAW, Ind., Oct. 25.—A fast freight train on the Pittsburg, Fort Wayne and Chicago railway yesterday crashed into a switching train on the Cincinnati, Wabash and Michigan road, wrecking the locomotive and several cars. The trainmen escaped injury by jumping.

"Look Out for Another Advance."

The McKinley bill has not only increased the cost of many of the necessities of life, but it has advanced the price of many articles which are not classed under that head.

Musical instruments, for instance, come under the "general paragraphs" of the bill, and on such goods the measure makes an advance of 40 to 140 per cent. above the old rates of duty.

Kackley & McDougle, of this city, are dealers in some kinds of such instruments. They have received many letters from the wholesale dealers notifying them of an advance in the cost of goods as a result of the increased duty in the bill. One of these letters was from O. Bruno & Son, of New York. After mentioning the advance made by the bill in the duty on such instruments, Messrs. Bruno & Son say:

"We do not think that the advanced prices caused by higher rates of duty will kill the business. Buyers will have to pay more than formerly—that's all."

"We beg to inform you, that, in making new prices, we have, in instances where the duty rate was uncertain, always taken the lowest rate as a basis—violins, bows, etc., for instance, at 35 per cent duty; but as the tariff act gets to work it may be decided that 45 per cent. is the proper rate for such goods."

"Therefore look out for another advance at any time on some lines of goods—and in the meantime mark up your own goods on the basis of present wholesale prices."

Thus do we see how the McKinley bill is proving every day that "the tariff is a tax" on the masses to enrich the classes.

If you are opposed to this unjust law enacted by the Republicans, vote for Paynter Nov. 4th.

That's the only way you can condemn the iniquitous measure.

Vote for Paynter.

We acknowledge the receipt of an invitation from the Old Roman Club of Columbus to attend Hon. Allen G. Thurman's seventy-seventh birthday anniversary on November 13th. May the grand old man see many more years, and may the rest of his days be filled with peace and happiness.

CAPTAIN BRUCE is the Republican wolf in Farmers' Alliance clothing. He is a Republican, and his election will be heralded as a Republican victory. But he won't be elected if the Democrats do their duty and vote. The district is Democratic, and Bruce's only show is to rope in a lot of Democratic farmers. But the scheme, concocted by Judge Thomas and Bruce, is too thin to catch any Democrats.

CAPTAIN BRUCE "is a Republican and will vote with Republicans every time if elected to Congress." That's what Judge Bennett said at the late Republican convention, and the Judge spoke from a long personal acquaintance.

Now, you Alliance men. You condemn the McKinley bill. A vote for Bruce is an endorsement of that oppressive measure. And you favor free coinage of silver. Captain Bruce, being a Republican, will oppose it. How can you consistently support him?

It is very amusing to see how the Republicans are trying to work the farmers of this district for Captain Alexander Bruce. Every one of the G. O. P. papers in the district, the Maysville Republican included, publish communications this week signed "Alliance Man," or "Alliance Voter," puffing up Office-seeker Bruce, and telling the farmers he's just the man they want in Congress. Now all these communications were written by that Lewis County schemer Judge Thomas, or were dictated by him. His ear-marks are on all of them. A fine "Alliance Man" the Judge is, indeed. Wonder if any Democratic farmer is going to be gulled by such chaff as the Republicans are giving them?

"ONE fact is enough for me. The gates of Castle Garden swing inward. They do not swing outward to any American laborer seeking a better country than this. These men who have toiled at wages in other lands that barely sustain life, and opened no avenue of promise to them or their children, know the good land of hope as well as the swallow knows the land of summer."—Benjamin Harrison.

Ben Harrison is a bigger chump than we took him to be. The above is an argument in favor of high tariff. Well, he failed to tell his hearers that a big part of these emigrants from Europe came from France and Germany, two of the greatest protectionist countries of the present day. If high tariff brings such blessings, why are these emigrants leaving their high tariff homes in the old world?

Ben Harrison's talk above quoted is that of an arrant demagogue and not that of the President of a great Nation.

The City Teachers and Their Certificates

The city of Maysville, like every other city in Kentucky, has its own system of public schools, under its own management, which are chiefly supported by special taxes levied by the City Council for the purpose, which the Council is authorized to do by its charter from the Legislature. The city is entitled to and does receive from the State the same pro-rata of the fund levied by the State for common school purposes which is paid to every other city, according to the relative number of children within the corporate limits. This sum has heretofore been paid to the City Council, by which body it has been transferred to the School Board, from whom the teachers have always received their salaries. It may be fairly presumed that this has been done legally. The teachers of our city schools have never received any portion of their salaries from the Superintendent of Common Schools for the county, nor do they now look to him for any part of their pay, for all of which they have contracts with the School Board. The statement that Mr. Blatterman "had declined to pay their portion of the State fund to those teachers who have not received certificates from the County Examiners" is not correct, for the simple reason that none of the city teachers ever applied to him for any part of that money, and all of them had been paid as usual by the School Board. What is true is this: Mr. Blatterman has addressed to the teachers of the city schools notifications that unless they were examined and obtained certificates from the County Examiners appointed by him, he would not pay them what was due them for their services, thus striving to create the impression that those teachers must look to him for their money or a part of it. Some of these notifications have been enclosed in an envelope. Others have been sent on postal cards, and among the latter have been a number received by excellent young women, who have long been in the service and are known to be competent. But some of these notifications have been accompanied by the statement that the recipient is in debt \$1.50 for an institute fee, which seems to have been the important point in this miserable business. Heretofore the Superintendent of Public Instruction for the State have held, that the City of Maysville, having been already authorized to establish a system of common schools of its own, had the right and power to have its own Board of Examiners, and that a certificate of qualification from that Board was all that was necessary; and, accordingly, the County Superintendents have paid over to the City Treasurer the pro-rata of the fund to which the city is legally and justly entitled. Professor Pickett, the present Superintendent, gave an express ruling to that effect in a letter directed to Mr. Galbraith, the very competent predecessor of Mr. Blatterman; and it is extremely unlikely that he has now given a ruling inconsistent with that, unless under a total misapprehension of the facts. If Mr. Blatterman's sense of duty led him to take a different position, his notifications should have been given to the Council or to the School Board. His attempt to interfere with the individual teachers, by threats and duns, has been as meddlesome in substance as it has been offensive in manner.

The Con. Con.

The Constitutional convention yesterday adopted the first section of the Bill of Rights. It is as follows:

All men are by nature free and equal, and have certain inherent and inalienable rights, among which may be reckoned:

First—The right of enjoying and defending their lives and liberties.

Second—The right of worshiping Almighty God according to the dictates of their consciences.

Third—The right of seeking and pursuing their safety and happiness.

Fourth—The right of freely communicating their thoughts and opinions, being responsible for the same.

Fifth—The right of acquiring and protecting property.

Sixth—The right of assembling together in a peaceable manner for their common good and of applying to those invested with the power of government for redress of grievances or other proper purposes, by petition, address or remonstrance.

Seventh—The right to bear arms in defense of themselves and of the State shall never be questioned, the Legislature having the right to prevent any person from carrying concealed weapons.

Eighth—That absolute arbitrary power over the lives, liberty and property of free men exists nowhere in a republic, not even in the largest majority.

Johnny and His Gun.

If "Johnny gets his gun" under the new tariff he will have to pay a pretty penny for it. But Adolphus won't. Here, as in everything else, this rich man's tariff bears down on the poor and those of moderate means, while it touches the rich as lightly as possible. "Johnny," who buys a gun for \$12 will now find that the tariff has raised the price of it to \$20. But Adolphus, who buys a \$200 gun, will have to pay only \$216 for it. The increase on the common goods is 33 per cent.; on the fine 3 per cent. The rich men knew what they were doing when they laid this tariff.—Indianapolis News, Ind. Rep.

A PROMINENT physician and old army surgeon in eastern Iowa was called away from home for a few days. During his absence one of the children contracted a severe cold, and his wife bought a bottle of Chamberlain's Cough Remedy for it. They were so much pleased with the remedy that they afterwards used several bottles at various times. He said, from his experience with it, he regarded it as the most reliable preparation in use for colds, and that it came the nearest being a specific of any medicine he had ever seen. For sale by Power & Reynolds, druggists.

At Brooksville, Judge Perkins sentenced Josh Terrell, who shot Silas Parker at Foster, Ky., a few days ago, to seven years in the penitentiary, says the Dover News. Prompt work.

SOME FACTS

That the People of the City and Country Have Digested.

Politics is Not the Only Important Topic.

Every since that little apple transaction in the Garden of Eden humanity, except in darkest Africa and some of the islands of the sea, has suffered. That's one reason why some people—those who are supersensitive—never eat apples.

The overweening curiosity of Eve gave birth to the clothing trade, but the original article, a fig leaf, doesn't suffice in this latitude. Even the historic uniform of a Georgia Colonel—"a shirt collar and a pair of spurs" won't answer the purpose. That's why Martin is in the clothing trade here. He is a public benefactor and his customers know it.

Let's see what he has done.

About the first of the month he advertised a reduction in the prices of boy's clothing. A terrific cut on former selling rates was made, and the people found that the facts were as advertised—the goods "went off" like hot cakes.

A cut in men's clothing, overcoats, &c., followed, and this effort to please buyers met with unbounded success. Every advertised inducement and price was carried out to the letter. No wonder, then, that Martin's is usually thronged with customers, and with a class of customers who do not "haggle" at prices.

Martin has met with such great success in these "reduced-price sales" that he will continue them for a while longer, so that all can have a chance to avail themselves of an opportunity so seldom offered.

In the meantime, the merchant tailoring department is having a splendid patronage, and the gentlemen's furnishing department shows all the nobby goods of the season.

Remember that these inducements are offered by Martin, at the Old Reliable Red Corner Clothing House.

The Churches and Ministers.

Elder Lucas will preach at the Christian Church to-morrow at the usual hours.

There will be preaching at the Baptist Church to-morrow at 11 a. m. and 7 p. m. by the pastor, Rev. W. J. E. Cox.

Rev. H. C. Northcott was placed on the superannuated list at the late session of the Kentucky Conference of the M. E. Church.

Divine service will be held to-morrow afternoon, at 3 o'clock, at the County Infirmary, conducted by Rev. Rev. W. B. Mebane.

Services in the First Presbyterian Church to-morrow, morning and evening, at usual hours, conducted by the pastor, Rev. John S. Hays, D. D.

Rev. W. J. E. Cox has returned from Ewing where he assisted Rev. A. N. White in protracted services. There were four additions. The bad weather interfered with the meeting.

Dr. Anderson, the pastor, will preach at the M. E. Church, South, Sardis, Sunday at 11 a. m. and 6:30 p. m. Subject in the morning "John's Baptism." At 3 p. m., he will preach at Spates Chapel.

Services at the Central Presbyterian Church to-morrow at 11 a. m. and 7 p. m. Preaching by the pastor, Rev. B. W. Mebane. Subject in the morning, "Recognition in Heaven." Everybody is invited.

Services at the M. E. Church to-morrow, morning and night. Sunday school at 9:30 a. m. Special invitation to Young Men's Bible Class, taught by Rev. Thos. Hanford, A. M., pastor. Epworth League at 6:30 p. m.

Church of the Nativity—While the church building is undergoing repairs, for several weeks to come, services will be held in Neptune Hall, adjoining the church. The usual evening service will be omitted. The Sunday school will meet at 10 a. m., and the usual morning service will be held at 11. There will be services to-morrow as above.

The Play To-night.

Mr. Wm. A. Brady, the proprietor of "After Dark," is one of the youngest theatrical proprietors upon the road, and in "After Dark" he has a most valuable property, with which he has been doing a remarkably successful business all the season. Mr. Brady is a hard-working, conscientious manager and actor, and deserves his good fortune. With a well-equipped company the "world is his" if he keeps up his present gait toward the goal of coveted success.—Galveston News.

"After Dark" will be rendered here to-night for the first time in Maysville. Reserved seat tickets at Nelson's.

What We Claim!

We do not claim to hold a "corner" on the Boots and Shoes of the country. The markets of the world are open to others as well as ourselves, and if they do not secure the advantages offered the fault does not lie at our door.

We do not seek business by disparaging the claims of others.

We DO claim, however, to lay under tribute the best market of the world to supply us, and that market is in America, where is found and used the best leathers, and where, also, is found the highest standard of excellence in workmanship and beauty of designs and styles.

No footwear in the world has the reputation for its lasting qualities and fine styles as that turned out from the factories of America.

It is from the best of these manufactories we cull our stock, which for extent and variety is without a rival in the State.

In fine, our qualities we guarantee, and challenge the world to surpass them. We also claim to sell these qualities at a saving to the people of 25 per cent. over other dealers.

Come and see our Fall and Winter stock of Boots and Shoes and you will become our customer.

The throngs that daily fill our house attest the truth of our claims.

The many hundreds who have worn our goods are calling for them again, because they are pleased.

All sales guaranteed.

Come and see us; we will save you money.

TO TAX-PAYERS!

On and after Nov. 1st the penalty of 6 cents on the dollar will be added to all taxes not paid. Myself and Deputies will be in Maysville all next week and hope the tax-payers will be prompt in settling, as we have a large amount of money to raise by Nov. 1st. 2243t JOHN W. ALEXANDER, Sheriff.

INCOMPREHENSIBLE.

Why you will exchange your old sewing machine and pay a difference of \$40 or \$50 when you can have it repaired and made as good as new? All kinds repaired and warranted. Twenty-five years experience. Leave orders with E. H. Thomas, 30 Second street, custom boot and shoe store. H. M. WILLIAMS, Adjuster.

LIKE AN AVALANCHE, WE CARRY EVERYTHING BEFORE US THIS SEASON!

To those who have seen our stock—which means bought of us—it is no surprise that we sell fully three-fourths of the Clothing sold in Maysville. THIRTY YEARS' EXPERIENCE has taught us the wants of the public, and we spare no pains to supply them. It is a matter of fact that our TAILOR-MADE CLOTHING is creating a perfect furor among good dressers. Our ENGLISH TOP COATS, of which we have an endless variety, can't be matched in the State. There is a striking individuality about them that distinguishes these garments at a glance from the general line of Overcoats that are offered in the market. Our \$3.50, \$4.00 and \$5.00 Overcoats are the best in the world for the money. YOU MUST SEE THEM.

"SATURDAY, Oct. 25th, 1892, was a cold day throughout Kentucky. Snow fell throughout the northern border of the State. The winter was at Maysville, Ky., on that day. The day was dark and cold. Every indication was for snow, but none fell there. The night was so cold the camp and picket guards were relieved from duty." The above is from a mandata made by Mr. C. L. Overly, of the city

MINER'S MAXIMS

A Good servant and a bad servant may look enough alike to pass for twins, but watch the difference in their service. Same with good and bad shoes.

Shoes look so much alike, though the grades are wide apart.

Why is it? Why, they're made to look alike. It's the good coin that's counterfeited. You would not buy a poor shoe if it showed poor, of course; but it won't show poor till it's worn. Then service shows the shoe. Well, then, how's a man to tell? He can't do it.

Only thing to do is to go where they always sell good shoes and are careful of their reputation. If ten thousand people have crossed the old bridge in safety, it's reasonable to suppose it won't break down with you. If ten thousand pairs of shoes bought at MINER'S have proved to be good shoes, the ten thousand and first pair are not likely to be bad.

See the point? And, then, the good shoes don't cost a cent more than the other kind, when you buy them at MINER'S.

LATEST CABLE NEWS.

Public Opinion on the London Dock Trouble.

THE LABORERS ASK TOO MUCH.

Their Present Grievances Do Not Justify a General Strike and They Will No Be Supported by the Public—Other Foreign Dispatches.

LONDON, Oct. 25.—Public opinion is becoming strong in condemnation of the attitude of the London dock laborers and equally strong in support of the position assumed by the employers. Newspapers which have hitherto supported the dockmen in their contentions with the companies are now denouncing their course in vigorous articles, demanding that the men shall not make fools of themselves.

Several journals have plainly pointed out to the men the certainty, that unless they can find better grounds than those upon which they now stand in opposition to their employers, their struggle will result in defeat. The grievances they now complain of, can by no means be accepted as justification for a strike, and should they engage in a general strike, thereupon the public sympathy which pulled them through on a former memorable occasion will be wholly lacking.

O'Brien May Visit Canada.

PARIS, Oct. 25.—William O'Brien, in an interview yesterday evening, said that his visiting Canada would depend entirely upon circumstances. He did not think that he would be arrested there, but did not care whether he was or not, as his mission would be concluded with a visit to Canada. The arrest of himself and Mr. Dillon would save their fares home, anyhow. The judgment delivered against them in their absence from Tipperary would constitute a case for appeal. He thought that Mr. Balfour had shown great weakness in the case of Mr. Harrison. His advice from America were greatly favorable to the success of his mission, which bids fair to surpass all expectations.

The Grand Duke's Insanity.

LONDON, Oct. 25.—Further particulars have been received from St. Petersburg concerning the insanity of the Grand Duke Nicholas. He was seized in the most acute manner during the Volhynia maneuvers, and his deplorable condition aroused the pity of all observers. The czar, to cover the matter from the world, addressed a public letter of congratulation to the grand duke, on the success of the maneuvers, although the grand duke became so critical that the truth could no longer be hidden. At present his malady threatens to prove fatal. The grand duke is the favorite uncle of the czar, who is much distressed by the calamity.

It Would Result in War.

PARIS, Oct. 25.—M. Puyot Quertier, the well known French statesman, has written a letter in reply to numerous inquiries as to whether the abandonment by France of her commercial treaties would lead to the annulment of article eleven of the treaty of Frankfurt. He says that Germany has nothing to do with the renewal or non-renewal of France of her treaties of commerce. Germany could not eliminate a single article of the treaty, without repudiating it as a whole, and to do this would amount to a declaration of war.

France Watching England.

PARIS, Oct. 25.—The Journal des Bats, referring to the preparations being made by the British to send an expedition to fix the boundaries of Sierra Leon, protests against the dispatching of a strictly British expedition on such a commission. The boundaries, it declares, should be arranged by a mixed commission, comprising the representatives of England and France. The Sicile, commenting on the same subject, says the expedition, which will be fully armed, must be watched by France.

Fired on by Troops.

WARSAW, Oct. 25.—A party of 300 Poles, who were attempting to reach Prussian territory, in order to emigrate to Brazil, were halted yesterday by the Russian frontier guard and ordered to return. They refused to obey the order and the guards fired upon the party, killing six men, two women and a child and wounding a number of others.

JUST FROM THE ORIENT.

The Steamer City of Peking Brings Some Startling Information.

SAN FRANCISCO, Oct. 25.—The steamer City of Peking arrived yesterday from the Orient. The captain of the British bark Lancashire, recently arrived at Hong Kong from New York, reported that he met the British bark Guiding Star, and that only one of the crew was about. When he met the ship she had been drifting forty-eight days. The captain, the mate, the steward and a seaman, had died of fever, and five others were lying hopelessly ill. The boatswain became an idiot. The stricken bark was taken to Batavia.

The survivors of the wrecked Turkish frigate, Ertogroul, will be sent home in two Japanese men-of-war.

The excitement in Japan over the treaty revision has somewhat quieted down, but precautions are still being taken for the safety of foreigners.

Cholera is gradually disappearing, and Yokohama is said to be practically free from it. There have been 34,000 cases and 23,000 deaths up to Oct. 7.

Ensign Rimsey, of the United States steamship Swatara, was accidentally drowned at Yokohama Aug. 27.

Killed by a Mill.

WILMINGTON, Del., Oct. 25.—John Farra, a livery stable keeper, and James Devine, an employee of the Clapp & Jones Manufacturing company, of Hudson, N. Y., who were here repairing the Friendship fire engine, got into an altercation in the bar room of the Pennsylvania hotel yesterday evening, when Farra struck Devine in the mouth and he fell dead. Either the blow or the fall broke his neck. Farra gave himself up to the police.

How to Make a Wife Unhappy.

See your wife as seldom as possible. If she is warm hearted and cheerful in temper, or if, after a day's or a week's absence she meets you with a smiling face and in an affectionate manner, be sure to look coldly upon her and answer her in monosyllables. If she forces back her tears and is resolved to look cheerful sit down and gaze in her presence till she is fully convinced of your indifference. Never think you have anything to do to make her happy, but that her happiness is to flow from gratifying your caprices; and when she has done all a woman can do be sure you do not appear gratified.

Never take an interest in any of her pursuits, and if she asks your advice make her feel as if she is troublesome and impertinent. If she attempts to rally you good humoredly on any of your peculiarities never join in the laugh, but frown her into silence. If she has fanits (which without doubt she will have and perhaps may be ignorant of) never attempt with kindness to correct them, but continually obtrude upon her ears: "What a good wife Mr. Smith has!" "How happy Mr. Smith is with his wife!" "Any man would be happy with such a wife!"

In company never seem to know you have a wife. Treat all her remarks with indifference, and be very affable and complacent to every other lady. If you follow these directions you may be certain of an obedient and broken hearted wife.—New York Ledger.

Indian Sentenced to Death.

MISSOULI, Mont., Oct. 25.—Antler, an Indian, was yesterday found guilty of murder in the first degree and sentenced to death. He is one of three Indians who killed three prospectors in 1887. His two companions were hanged by a vigilance committee of settlers, but Antler escaped and was at large until this summer.

On Trains Wrecked.

HAMILTON, O., Oct. 25.—A frightful accident occurred on the Cincinnati, Hamilton and Dayton railroad just north of this city. Two freight trains collided and five men were killed. Both trains were loaded with oil and were burned. The loss will reach \$125,000.

Saved the Expense of a Trial.

NASHVILLE, Oct. 25.—W. D. Myers, who killed his wife near Lebanon yesterday morning because she was unfaithful to him, hanged himself by means of a pocket handkerchief while in jail at that place last night. He feared being lynched and preferred to take his own life.

The Ship Win.

EVANSVILLE, Ind., Oct. 25.—The differences between the officials of the Mackey system and the employees have been settled, and for the first time since the inauguration of the series of strikes last winter absolute peace can prevail. The standard of wages has been adopted as demanded by the employees.

Killed by an Electric Car.

CANTON, O., Oct. 25.—Dennie Young, the little daughter of William Young, was killed by an electric car while crossing the track yesterday.

Killed for Revenge.

SAVANNAH, Ga., Oct. 25.—C. H. Mitchell was shot and instantly killed two miles from Hawkinsville last night while driving along the road, accompanied by other gentlemen, one of whom recognized Jason Flowers, a negro, who stepped from the side of the road and fired the fatal shot. Flowers is under arrest. Mitchell had testified against him in court, and Flowers killed him for revenge.

Here and There.

Miss Annie Coney, of Louisville, is visiting her parents on Fourth street.

Elder C. S. Lucas returned last evening from Augusta, Ga., where he spent the week.

Mrs. Henry Martin, of Cincinnati, who has been visiting Mr. and Mrs. J. S. Le of Rectorville, returned home Thursday, accompanied by Mrs. Ben Lee and Miss Bettie Lee.

A CORRESPONDENT of the Fleming Gazette writing from Little Flat, Bath County, says: "John Walsh, of Maysville, organized a Sunday school here on Far Creek to be called the Bible Readers Sunday School. There were thirty-five persons present, who elected the following officers: U. S. Crouch, Superintendent; Mrs. Mollie Thornberry, Assistant; Nathan Wells, Secretary; Harvey Wells, Librarian, and Mrs. Mollie Finch, Treasurer. The school opens with every prospect of success, and we hope it will result from it to our neighborhood."

Saving the Big Trees.

Secretary Noble has made friends for himself in California, and deserves the thanks of every American possessing either pride in his country's greatness or a love of nature, by withdrawing from entry the tracts of land in the Sierras covered with sequoia groves, the big trees of the middle coast. The design is to have congress set them apart as a permanent reservation, that the trees may be preserved for all time or until nature works their ruin.

California is fortunate that her great trees are in clusters. Washington has her monarchs and grand ones, but they are to an extent isolated, and it will be more difficult to keep them from spoliation. What can be done to that end should be done, if it is not more than the exercise of the moral influence of each community to prevent the owner of a big tree from destroying it. The owner in law should regard himself in truth as only a trustee for the people, for the coming generations as well as this, and not sacrifice one of the glories of a great state for the comparatively trifling profit to be made by sending it to the mill.—Seattle Journal.

Value of a Night Meal.

Most students and women who are troubled with insomnia are dyspeptic, and they should, therefore, eat before going to bed, having put aside work entirely at least an hour before. If they are not hungry they should simply be instructed to eat, and if they are hungry they should eat whatever they want. A glass of milk and a biscuit are sometimes all that can be taken at first, or a mashed potato buttered.

If possible the night meal should be taken in another room than the sleeping apartments, and for men in the city it will be found advantageous to go out to a restaurant. Before eating, however, a bath should be taken, preferably cold or cool, which should be given with a sponge or stiff brush, and the body thoroughly rubbed off with a coarse towel afterward. The bath need not be more than five minutes in duration.—New York Journal.

A Pet Whale in a Coral Tank.

On a small island in the middle of the South Pacific lives a planter, the only white man on the island, which is full of brown skinned folk, who cut and dry the meat of coconut, which he sells to trading vessels. The planter has a whale for his pet. The whale is a sperm of great size, and is kept in a natural water way, with walls of coral on each side. The creature is very tame. Chopped meat is its food. So, at least, says a writer in The Pittsburg Dispatch.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.
